Collishaw was born in Napanee, Ontario, in 1893. He was the son of a farmer and grew up in a small town. Collishaw was always fascinated by aviation and dreamed of becoming a pilot. When World War I broke out, he enlisted in the Canadian Expeditionary Force and was soon accepted into the Royal Flying Corps.

Collishaw quickly proved to be a natural pilot. He was skilled at flying and had a keen eye for spotting enemy aircraft. He was also a fearless fighter and was always willing to engage in combat. Collishaw's skills and bravery quickly earned him a reputation as one of the best pilots in the RFC.

In 1917, Collishaw was selected to lead the Black Flight. The Black Flight was a group of elite pilots who were handpicked by Collishaw. The pilots in the Black Flight were some of the most experienced and successful in the RFC. They were also some of the most aggressive and were known for their daring raids on enemy positions.

The Black Flight quickly became one of the most successful units in the RFC. They were feared by the enemy and respected by their allies. The Black Flight was responsible for shooting down dozens of enemy aircraft and destroying numerous enemy targets. Collishaw was always at the forefront of the Black Flight's operations and was known for his fearless leadership.

In 1918, Collishaw was awarded the Victoria Cross, the highest military honor that can be awarded to a Canadian. He was awarded the Victoria Cross for his actions in a raid on a German airfield. Collishaw led the raid and destroyed several enemy aircraft. He also rescued a fellow pilot who had been shot down and was stranded on the ground.

Collishaw continued to fly until the end of the war. He was one of the most successful pilots in the RFC and was credited with shooting down 62 enemy aircraft. Collishaw returned to Canada after the war and became a successful businessman. He died in 1976 at the age of 83.

Raymond Collishaw was a true hero. He was a skilled pilot, a fearless fighter, and a dedicated leader. Collishaw and the Black Flight left a lasting legacy in the history of aviation. Their courage and camaraderie continue to inspire pilots and military personnel around the world.

Legacy of the Black Flight

The legacy of the Black Flight is one of courage, camaraderie, and skill. The pilots of the Black Flight were some of the most successful in the war and they played a major role in the Allied victory. The Black Flight's exploits continue to inspire pilots and military personnel around the world.

The Black Flight was founded on the principles of teamwork and mutual support. The pilots in the Black Flight were always willing to help each other out, both in the air and on the ground. This sense of camaraderie helped to create a strong bond between the pilots and made them a formidable force in combat.

The pilots of the Black Flight were also highly skilled and experienced. They were some of the best pilots in the RFC and they used their skills to great effect in combat. The Black Flight was responsible for shooting down dozens of enemy aircraft and destroying numerous enemy targets.

The legacy of the Black Flight is one that continues to inspire pilots and military personnel around the world. The Black Flight's courage, camaraderie, and skill are qualities that are essential for any successful military unit. The Black Flight is a reminder that even in the face of great danger, teamwork and mutual support can prevail.

Raymond Collishaw and the Black Flight are a testament to the courage, camaraderie, and skill of the Canadian military. Their exploits continue to inspire pilots and military personnel around the world. The legacy of the Black Flight is one that will continue to be remembered for generations to come.
