Here are ten truths that will help you build extraordinary relationships:

1. **Be yourself.** The most important thing in any relationship is to be yourself. Don't try to be someone you're not, because people will be able to tell. Just be yourself and let the other person see the real you.
2. **Be genuine.** Be genuine in your interactions with others. Don't be fake or superficial. People can tell when you're being genuine, and they'll appreciate it.

3. **Be present.** When you're with someone, be present. Don't be distracted by your phone or other things. Give the other person your full attention.
4. **Be kind.** Be kind to others, even when they don't deserve it. Kindness is a powerful force that can change the world.
5. **Be forgiving.** Everyone makes mistakes. When someone hurts you, forgive them. Holding on to anger will only hurt you in the long run.
6. **Be supportive.** Be supportive of the people in your life. Let them know that you're there for them, no matter what.
7. **Be honest.** Be honest with others, even when it's difficult. Honesty is the foundation of any good relationship.
8. **Be patient.** Relationships take time to build. Don't expect things to happen overnight. Be patient and let the relationship grow at its own pace.
9. **Be grateful.** Be grateful for the people in your life. Let them know how much you appreciate them.
10. **Be loving.** Love is the most important ingredient in any relationship. Love your partner unconditionally and let them know how much you care.

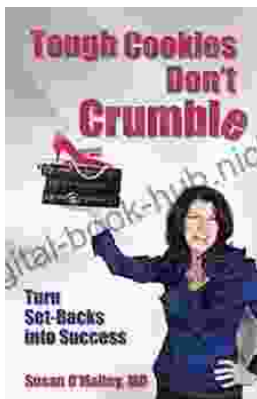

Building extraordinary relationships is not easy, but it's worth it. If you're willing to put in the work, you can create relationships that will last a lifetime.
