

The Social Conscience of Alberta: Second Edition

The Social Conscience of Alberta: Second Edition is a comprehensive and engaging examination of the social, political, and economic history of Alberta, Canada. This second edition has been updated to include the latest research and analysis, and features new chapters on topics such as the COVID-19 pandemic, the rise of the far right, and the challenges facing Indigenous communities.

The book is divided into four parts. The first part provides an overview of Alberta's history, from its early days as a fur trading outpost to its present-day status as a major economic and cultural centre. The second part examines the social and political landscape of Alberta, including its diverse population, its strong sense of community, and its commitment to social justice. The third part explores the economic history of Alberta, from its

early days as a resource-based economy to its present-day diversification. The fourth part looks at the challenges facing Alberta, including the COVID-19 pandemic, the rise of the far right, and the challenges facing Indigenous communities.

The Social Conscience of Alberta: Second Edition is an essential resource for anyone who wants to understand the history and society of Alberta. It is a well-written and informative book that provides a comprehensive overview of the province's past, present, and future.

Table of Contents

-
- Part 1: The History of Alberta
- Part 2: The Social and Political Landscape of Alberta
