In Think and Become Rich, Hill argues that anyone can achieve financial success if they follow his 13 principles:

1. Desire
2. Faith
3. Auto-suggestion
4. Specialized knowledge

5. Imagination
6. Organized planning
7. Decision
8. Persistence
9. Power of the mastermind
10. The subconscious mind
11. The sixth sense
12. The habit of saving
13. The budget

Hill believed that these principles are the key to success in any area of life, not just financial success. He argued that if you follow these principles, you will be able to achieve your goals and live a more fulfilling life.

Think and Become Rich has been praised by many for its simple and straightforward advice. However, the book has also been criticized for being too simplistic and for not providing enough specific advice on how to achieve financial success.

Despite the criticism, Think and Become Rich remains one of the most popular books on personal finance ever written. The book has helped millions of people around the world to achieve financial success and has inspired countless others to pursue their dreams.

My Review

I have read Think and Become Rich several times over the years, and I always find something new to learn from it. Hill's principles are timeless and can be applied to any area of life. I highly recommend this book to anyone who is interested in achieving financial success or living a more fulfilling life.

Here are a few of my favorite quotes from Think and Become Rich:

““

““The starting point of all achievement is desire. Keep this constantly in mind. Weak desire brings weak results, just as a small fire makes but little heat.””

““

““Faith is the substance of things hoped for, the evidence of things not seen.””

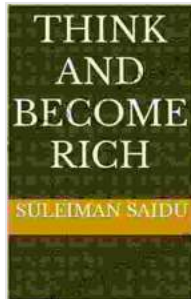

““

““The subconscious mind is the seat of all power. It is the storehouse of all knowledge. It is the medium through which we communicate with the Infinite Intelligence.””

If you are ready to take control of your life and achieve your dreams, I encourage you to read Think and Become Rich. This book has the potential to change your life.
